Peace News Summer Camp,
Shrewsbury, 28 July - 1 August 2011*

Bring your contribution to a hothouse of creativity, a small self-governed society run by democratic camp meetings, a viable example of the kind of world we are trying to bring about. The Peace News Summer Camp helps build a radical movement for the future by building a living community today.

We are camping in a family-friendly and renewably-powered way from 28 July to 1 August in the beautiful grounds of Crabapple Community, near Shrewsbury in Shropshire.

“Wonderful workshops and a wide range of people with which to exchange ideas” “Safe, friendly, interesting, happy, useful, accepting, great for networking, well thought out and set up. Thankyou for organising and creating a lovely village” “It was a great holiday for me and I loved meeting new people. To become aware of the work that people are doing all over the country” *Comments from 2010 campers*

Activities include: workshops and discussions, practical skills sessions, delicious vegan food cooked by Veggies of Nottingham, music, film, fun and participatory entertainment, a bar, campfires, and activities and facilities for kids and families.

Find out more and book your place on-line or return the tear-off slip.
